

HOW DO I USE NO-BULL® ABSORBENTS?

Apply NO-BULL® to the spill area working it in with a stiff broom, just like traditional clay-based products and let NO-BULL® do the rest.

WHERE CAN I BUY NO-BULL® PRODUCTS?

For information on becoming a NO-BULL® distributor, or to find a distributor or retailer in your area, call 717-261-5711.

No-Bull® is a product division of
Nutrient Control Systems, Inc.

**Eco-Friendly Superior
Absorbents**

**BETTER PRODUCTS
BETTER PERFORMANCE
THAT'S NO-BULL!**

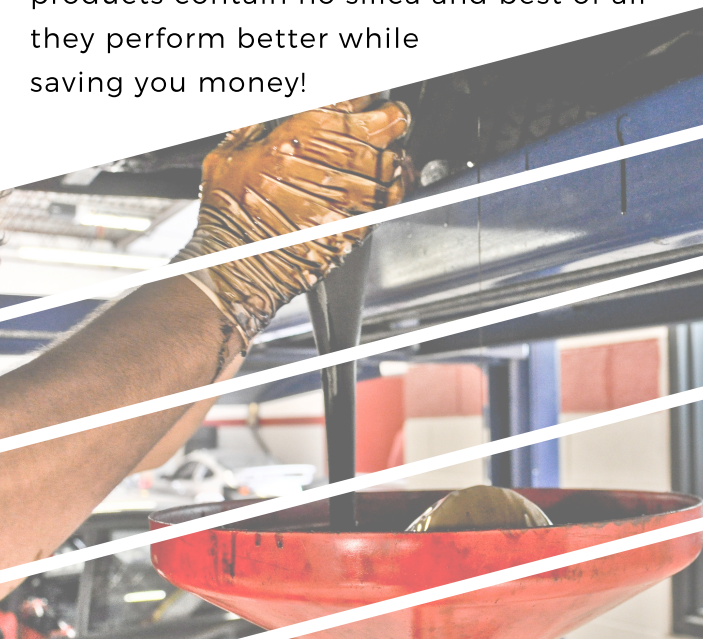

NO BULL[®] BRAND

NO-BULL[®] brands offer a full line of high performance, cost-effective, and environmentally friendly spill absorbent products.

All of our products start with a biodegradable base of natural plant residual material, which is proven to be much more absorbent than traditional clay-based options. That means you can do more with less!

EZSorb[™] and 7X Spill Clean[™] are excellent eco-friendly replacements for heavy clay and other absorbents. These products contain no silica and best of all they perform better while saving you money!

EZSORB

FOR AUTOMOTIVE & SHOP FLOORS

BENEFITS:

EZSorb has been specifically formulated to provide superior absorbency of fluid spills in shop applications versus clay-based brands.

7X SPILL CLEAN

FOR INDUSTRIAL & EMERGENCY SPILL RESPONSE

BENEFITS:

7x Spill Clean is proven to be SEVEN TIMES more absorbent than clay-based absorbents. That means 1 pound of 7x Spill Clean will absorb more than 5 pounds of oil!
